J. Masterson Construction has had a busy summer. Currently we are working at the [Shore County Day School](#), in Beverly MA, [The Pingree School](#) in South Hamilton, MA, and [The Phillips Academy Boathouse](#) in Methuen, MA.

The [Shore County Day project](#) consists of site development associated with two new building additions. At [The Pingree School project](#), we will be installing a new septic system in preparation for a new athletic building. Lastly at the [Phillips Academy Boathouse project](#) we will be performing site improvements to an existing building on the Merrimack River. We will also be installing a new drainage system on site, and two new parking lots.

For more information on the rest of our [current jobs](#) visit our website at www.jmasteron.com.

J. Masterson Construction Corporation is a full service site and utility contractor that offers a broad range of services including site development, utility installation, roadway construction, environmental services and heavy equipment rentals. We are a fully bonded and insured company with a very competent employee base and a significant equipment fleet. Founded in 1981, J. Masterson has grown continuously over the years due to retention of quality employees and commitment to customer satisfaction. Check us out online at www.jmasteron.com.
